

**IMPORTANT NOTICE**  
**REGARDING UPCOMING JULY SHOW**

The upcoming July show has been canceled due to the concerns of the stock contractor over the heat induced stress to the cattle in 90 plus degree temperatures.

In order to maintain our 7 show season, the board of directors has decided to have a 2 shows over 2 days weekend on October 27-28 as we have in the past.

Although we're sorry to find it necessary to disrupt our show season, there is an upside. The temperatures will be cooler not only benefiting the cattle but horses & riders as well and cattle are more abundant in the fall and better cattle to cut.
