

May 2020

Our start to the 2022 season was a non-starter thanks to weather but we're coming back in a big way with 2 shows over 2 days in May. We are presently getting everything in place for the 2 shows and hopefully the weather should cooperate in this most unusual weather year. Entries will be due Wednesday May 11th by 9 pm. If you view the show list on the web site, you will notice that the May 15 show appears at the bottom of the list. We're presently attempting to get it re-positioned to appear right below the Saturday May 14 show so when making you entries check the entire list as you must enter each show separately. When you arrive at the show, please have a completed membership form in hand along with your annual dues and present them in the show office first thing. We require anyone on horseback to be a member in good standing which means essentially that all needs to be completed.

The May 14 show is sponsored by Dr. Jenni King www.sunvalleyequine.com with circuit awards in all classes. Be sure to check out Sun Valley Equine Hospital on face book.

The May 15 show is being sponsored by Greg & Karen Jones, again with circuit awards in all classes.
